R talks of working class as 'we' rather than 'they', R gives working class reasons in terms of what his friends and work associates have said ('because the people I work with think there will be a depression if the republicans win,' etc.)

20 2. R includes anti-business (anti-rich, anti-upper class) reasons in his response, working class people have not only a group interest, but a common opponent ('because of all the business people president eisenhower has in his cabinet', etc.)

I’m mainly interested in talking to you about the congressional election this fall and how you feel about it. In some states there were elections to the United States Senate and to various state offices, but we want to talk mostly about elections to the House of Representatives in Washington.

Q. 1. Generally speaking, would you say that you personally cared a good deal about which party won the elections to the Congress in Washington this fall or that you didn’t care very much which party won.

*** SECTION C: 1960 INTERVIEWING ***

P21, 21A, 21B. THERE'S QUITE A BIT OF TALK THESE DAYS ABOUT DIFFERENT SOCIAL CLASSES. MOST PEOPLE SAY THEY BELONG EITHER TO THE MIDDLE CLASS OR TO THE WORKING CLASS. DO YOU EVER THINK OF YOURSELF AS BEING IN ONE OF THESE CLASSES. (IF YES) WHICH ONE. (IF NO) IF YOU HAD TO MAKE A CHOICE WOULD YOU CALL YOURSELF MIDDLE CLASS OR WORKING CLASS.
### SECTION C: 1960 INTERVIEWING

**P21C.** (IF "MIDDLE" OR "WORKING" CLASS IN REF.NO.155)

Some people feel they have a lot in common with other people of their own class; but others we talk to don’t feel this way. How about you — would you say you feel pretty close to other (choice in REF.NO.155)-class people, or that you don’t feel much closer to them than you do to people in other classes.
